

## 2020/21 Campaign Statements

Several wishes of participating children and statements of participating schools on the Green Footprint campaign

### Germany, Emden

"Dear politicians, please save the climate for a better future. This comes from the depth of my heart. Please fulfill my desire!"

### Germany, Remscheid

"Dear politicians, please make train or bus travel cheaper!" (Mariella)

### Luxembourg

"We need more child- and eco-friendly mobility." (student)

### Belarus, Pruzhany

"An ant doesn't love nature, it is nature. Be like the ant!" (student)

### Germany, Saarbrücken

"I wish that the rainforest is preserved." (Maja)

### Germany, Pfullingen

"If you drive your child to school it gets tired and inactive"

## 2020/21 CAMPAIGN STATEMENTS

Climate Alliance

### Netherlands

The kids have passed a nationwide children's climate agreement.

Those three demands they value the most:

- strengthening the dikes
- eating less meat
- one tree out, two trees in

### Austria, Lemberg

"The campaign hit the spot among the children. Every morning they came beaming with joy and informed me how they had come to receive their footprint sticker."

(teacher)

### Italy, Bozen

"The Kid's on the Move campaign is very well received by the children, parents and teachers." (teacher)

### Germany, Wolfschlugen

"It was a lot of fun for all of us and we are looking forward to participating again."

(teacher)

### North Macedonia, Karposh

The students from Karposh had planned to participate. Due to the covid-19 illness of one of the teachers they had to cancel.

## THE GREEN FOOTPRINTS CAMPAIGN

Since 2002, Climate Alliance's Green Footprints has been helping children across Europe learn about the influences of their daily actions on the climate and encouraging them to become role models for both their families and climate politicians. During at least a one week period, children in participating classes collect so-called 'green footprints' for every sustainable trip completed via public transport, bike or foot as well as for other environmentally-friendly habits such as sustainable nutrition. These footprints are presented to the participants and politicians at the UNFCCC's annual Climate Conferences. [zoom-kidsforclimate.eu](https://zoom-kidsforclimate.eu)
