What is an energy cooperative?
Where can I find energy cooperatives?
Why do I need an energy cooperative?

Heralded as the “world’s biggest urban climate and energy initiative” by Commissioner Miguel Arias Cañete, the Covenant of Mayors for Climate & Energy brings together thousands of local and regional authorities.
Why do I need an energy cooperative?

1. Social acceptance
2. Financing
3. Capacity & expertise
Why do I need an energy cooperative?

- REScoops foster social acceptance for renewable energy
- REScoops keep money in the local economy
- REScoops benefit the local community
- REScoops keep individual investments affordable
- REScoops take action on energy efficiency
