

#Build4Tomorrow for a just transition

SESSION DATE:	November 12th, 2022
SESSION TIME:	10:30 - 12:00 (EET)
VENUE:	Buildings Pavilion Auditorium
FORMAT:	Discussion panel
HOST:	City of São Paulo and Passive House Association

1. EVENT OVERVIEW

The GlobalABC - Global Alliance for Buildings and Construction was founded at COP21 and is hosted by UNEP, as the leading global platform for governments, private sector, civil society, research, and intergovernmental organisations committed to a common vision: **a zero emissions and resilient built environment, regions and cities.**

Each day during the two weeks of the COP27, the Buildings Pavilion has an overarching topic, linked, where possible, to the COP27 and/or the Marrakech Partnership for Global Climate Action themes of the day.

The event will elevate the built environment as a critical sector to achieve the needed transition to a resilient and zero emissions future at COP27, by sharing examples of action and implementation already taking place as a solutions provider that can be integrated and enable action across other sectors.

2. LOGISTICS

- **Venue:** Buildings Pavilion Auditorium - Blue Zone, Sharm El-Sheikh, Egito - COP27
- **Date:** November 12th, Saturday
- **Time:** 10h30 - 12h00 (EET) / 04h30 - 06h00 (São Paulo)

3. SPEAKING ROLE

Climate change and the commitment to 'leaving no one behind' in cities - the role of built environment solutions to secure dignity and resilience

To achieve inclusion in cities, meanwhile tackling climate change, there is a need to acknowledge sustainability from a *lato-sensu* standpoint - considering its trade-offs and short and long term consequences.

In this sense, the session aims to address the reinforced contribution of local governments to ensure dignity to those facing vulnerable situations, and resilience to its territory through built environment solutions.

The discussion will spotlight both small and large-scale examples of interventions and will raise awareness on equity and climate vulnerability.

SUGGESTED TALKING POINTS - 7 to 9 minutes
